## BEST LAID PLANS

*25 Parker Lane*

MCHBA purchased property with the plan to build a new headquarters more centrally located for our members. VOP will pass a moratorium that will keep us from developing this land for 9-15 months. The Board of Directors are working on alternatives.

MCHBA EO is working hard to fight this effort from the VOP. We have met with NCHBA and we have our legislative team helping us stop this effort to govern trees in the village. If you would like to help us fight this, call Paula 910-494-2306
